A Visit With Dr. John

The picture is of me holding our newest grandson, Levi, born to John and Lori, January 10. Yes, proud Papa and all that!

For over half of the pregnancy, tests showed that Levi might have some particular problems, especially with kidneys. When he was born, he had problems breathing. Our church family was aware of these concerns and prayed for them.

I posted this picture on Facebook and lots of people affirmed their prayer support. Levi's breathing cleared up within a couple of days and the test for his kidneys, on the 16th, came back clear.

I am thankful to the Lord and I appreciate your loving concern and prayers. I do believe that prayer is a primary channel through which God chooses to work. I believe Levi's health is an answer to prayer.

A few years back, I was around someone who believed prayer only changes people and their attitudes about situations. He believed all of life was foreordained and prayer changed nothing God had planned. From my life experience and my study of God's word, I am convinced that prayer changes things as well as people.

Thank you for your prayers concerning Levi. Thank you for your prayers for me continuously. Please continue to lift me, as a leader for Coffee County Baptist Association, in your prayers!
