### *A Visit With Dr. John*

The 2018 annual meeting for Coffee Baptist Association is in the books. It was a very good Annual Meeting. The reports that were given revealed a lot of great work and blessings that went on throughout the course of the year. With so many good things to report, it would be difficult to make something bad out of that! The past year has been a banner year in so many ways! I thank God and I thank you.

I'm grateful for all of those who were on the program. I'm especially grateful for our Moderator, Randy Walker. The group, "Blest," and Dr. Roger Richards were inspirational.

Bro. Will Jordan and the people of Newbia Church were such great hosts. They had done so much to prepare for us. Everything looked good. The food was wonderful. Thank you!

We had a Priority One Disaster Relief Unit helping the people of Houston County the morning after Hurricane Michael. These trained workers do such an outstanding job. Mike Dickerson bragged on the workers and the tools we acquired just this year, but he says we just have to have a skid steer. I believe our people will make that happen this year!

Since the storm caused damage so close by, many of our people have had personal interest in helping friends or family members in the harder hit areas. Quite a few of our churches have collected needful items to take and distribute either in the corner of Alabama, or in the hard hit areas of Florida, and even in some of the areas in Georgia. What a blessing to see such godly compassion in action!

With all the other things going on, please do not forget the importance of men and boys attending the Boys Adventure Camp November 2-3. These boys are only young for a little while. Let's give them some of our time and the benefit of our experience.
