A Note from Dr. John

One good and long standing partnership the churches of Coffee Baptist Association have is with the Alabama Baptist Children's Home. We gladly support this wonderful ministry.

Besides providing for the basic needs of children and giving them Christian love and care, the Children's Homes also offer family counseling at various sites across the state.

Normally, they partner with associations and provide a certified professional counselor while the association provides the place. We have had this arrangement for quite a few years.

Director Paul Miller started this counseling ministry. It is a great idea. It's so much better to help a family stay together than minister to the children after the home is broken.

Most of the cost is covered by the children's Homes. They do ask clients to pay something according to their ability.

Mrs. Alicia Lewis comes to our office to counsel with those who make appointments. Her number is 334-677-7856.

Some of our churches offer counseling. They have fine ministries. This work of the Children's Home gives us one more way to help our people.
