A Visit With Dr. John

We have had our share of illness and recuperation at the Granger household recently. In the last month and a half, I was diagnosed with strep twice. On top of that I had pneumonia for over three weeks. Thankfully, I did not have to be hospitalized. I even was able to do a fair amount of work.

The pneumonia made me terribly weak. Normally, I put in from 10 to 16 hours a day for association/church concerns. That surely has not happened in the last few days! I appreciate Emily and Michele picking up the slack for me at the office. I am thankful for people who did the same for me at church. Last Sunday was the first Sunday I have not preached two or three times in I can't remember when. People even filled in for me at the Military Support Group, the adult daycare, and other responsibilities. It's great to have people so able and willing to lift these responsibilities!

Kathy also has shared some down time with me. She has hardly been able to get around for a couple of months. She had knee replacement surgery last week. She is doing really well. As you can imagine, the healing has not been instantaneous. Our children, Denice, Charis, and John have helped almost around the clock. Even their children and spouses helped.

I'm thankful for all the friends who have voiced concern. I am grateful for so many partners who share the work. I'm thankful for our church members who have made sure we had plenty to eat. I appreciate good doctors and healthcare. I'm blessed with a wonderful family. Most of all, I'm thankful to our great physician for his love and healing. May God richly bless you, your family, and your church!
