A visit with Dr. John

Summer is here! So, nothing to do til September, right? You know that's not true in your church. VBS, Kids Outings, Youth Events. For many of our churches, these things are piled onto the routine things we do all the time.

The same is true for the Association. The busiest days for the Vineyard are during these months. Some committees do most of their work during this time. The Nominating Committee and the Committee on Committees are at work. The Children's Committee is making final preparations for the camp, which also will be held during this vacation time. Other committees will be planning their activities for the upcoming year. The mission trip to Mobile will be a busy week. Brother Danny Wiggins is on sabbatical, but is coming back to lead the trip! Everyone who goes on that trip will have a filled week.

One of the things that happens during summer is that many of our people will try to find some time to have a little vacation, where they can relax and forget the daily pressures and routine for a while. Since they will be missed in church while they are away, it is important that we not disparage their efforts to spend some quality family time or take a little relief from normal pressure.

If the vacations work like they are supposed to, your people will come back more eager and rested up to do the work they need to do. Rejoice with them in the fact that they are able to do some unusual things and enjoy their time off.

Also, be certain you let them know you're glad when they come back! Of course, our Lord goes with us every day, whether it's routine or vacation. God's people can be faithful to him whether they are here or there. And it's great to know that we are never out of his sight!
