**A Visit With Dr. John**

The big thing coming up is our 2019 Annual Meeting, to be held at the Enterprise Civic Center on Wednesday, October 16, 6-8:10 pm. Once again, the purpose for doing it on Wednesday is to use it as an opportunity to do a lot of missions education for our youth, young adults and other church members who may not be familiar with what the Association is all about. I do believe it will be worthwhile for pastors and church leaders to encourage their people to be a part of this meeting.

I have asked all the ministry type committee leaders to develop a display of their work so that people will be able to come by and observe some of the things they do and perhaps talk with people about the work of that committee. Of course, engaging people at these exhibits will need to be done prior to the start of the annual meeting and a little bit after it's over.

I think these committee and team members have done some outstanding work. I am extremely impressed by what they are doing. I believe just about anybody will be impressed as well. I believe some people will be recruited to serve on some of these teams like Disaster Relief or missions outreach just by becoming aware of what they're doing!

Also, many of you will be interested in the long range planning ideas that will be presented by Dr. Michael Mynatt. There are a few places where we need to "raise the bar."

Dr. Michael McQueen, besides being an outstanding physician in our area, was one of Bear Bryant's boys, and has shared his faith in many of our churches over the past three or four decades. "Chosen" is a popular country gospel group. They do lots of good work for the Lord. Rick Barnhart, from our state convention, will be at our meeting.

You may drop off children at Hillcrest as early as 5:30 p.m. We are thankful to Hillcrest Baptist Church for providing childcare.

The next really big event is the Missions Fair, rally and missionaries in our churches March 7-8, 2020. Once again, this is a fantastic opportunity to do missions education in our churches. As our Annual Meeting helps us to know about local missions, so this meeting will help us to learn about missions in the other areas of Baptist life.

Meeting a "real live missionary" has helped many people find their own path in life. To be able to talk to these people about what they do and how they felt God leading them into that ministry can be very inspiring and enlightening. I hope all of our churches choose to participate in this. I do appreciate the members of our WMU Association team and the Men's Ministry officers for helping us get this together.
